Library of Congress

OUTLINES.

Forty-two States will to-day elect members of the Sixtieth Congress, the Republicans claiming that they will elect 50 majority of the House while the Democrats are also claiming by 22 majority; 20 States will elect Legislatures which will choose United States Senators; New Mexico and Arizona will vote on joint Statehood and Oklahoma and Indian Territory will vote on a constitution for the new State of Oklahoma to be comprised of the two.——All hope of the schooner Asa T. Stowell, which sailed from Mobile just prior to the September storm, has been given up.——Dr. J. B. Matthews, who was convicted of wife murder at Greensboro, N. C., several months ago, and who has been out under bail, committed suicide in Baltimore yesterday.——Hearst declared last night that the corrupt use of money is all that will save the Republicans in to-day's election in New York; the betting, however, is 4to 1 in favor of Hughes, Republican, for governor.——Both the Republicans and Democrats in Nebraska, Pennsylvania, Massachusetts and Missouri and other States, while the Republicans claim that they will gain Congressmen in Kentucky and Tennessee. ——Telegrams of shipwrecked and vesels in distres are pouring in as the result of a severe gale off the Canadian coast; the storm has been terribly destructive, and shipwrecked men are in danger of rough seas and suffering from severe cold; five Norwegian sailors in a life boat were swamped and lost.——The Supreme Court of the United States has denied the appeal of J. G. Rawlings, a preacher under sentence of death in Georgia ——New York markets: Money on call strong 6 to 7 1-4 per cent., ruling rate 6 3-4, closing bid 6, offered at 6 1-2; spot cotton quiet 10:30; flour dull, about steady; wheat easy, No. 2 red 81 elevator; corn easy, No. 2, 55 3-4 elevator; oats firm, mixed 39-1-2; turpentine firm 69 to 69 1-2; rosin firm; strained common to good 4.25.

Be sure to vote this morning. Help make the Democratic majority so large that the Republicans will never have any more hopes of carrying the Old North State.

President Roosevelt declared all along that he would keep his hands out of politics in New York, but he sent his knockers up to secure defeat of Hearst.

Many "charges" have been made during the campaign in New York but to-day is settling day and we'll see whether Hughes or Hearst will be politically bankrupt.

The Greensboro Weekly Tar Heel (Republican) says: "The Populist party is dead." We don't suppose anybody can dispute it after watching the Republicans sitting up with the corpse some six or eight years.

Says the Greensboro Weekly Tar Heel (Republican), "The Democratic party is as uncertain as the wind." That's no joke. It's liable at any time to change its course and take the roof off the rotten house of Republicanism.

The price of coal has advanced. The coal roads and coal companies have got to do something to get even for the government's suits against them. The government cases appear to make political capital but the people pay the freight and the cost.

If it is any news—President Roosevelt killed a big wild turkey gobbler before he left Pine Knot, Va. He killed the first turkey of his life on Saturday. It is owing to who kills a turkey or a bear whether it is worth mentioning.

The Republican majority in the last Congress crippled every one of Roosevelt's "reform" measures by amendment or delay, while the Democrats were eager to support him. Yet in this campaign Roosevelt has urged the election of Republicans over Democrats. Partisanship is stronger with Politician Roosevelt than reform is with President Roosevelt.

Republican papers urged that "a vote for a Republican Congressman is a vote for a continuance of prosperity." They kept up the absurd and humorous aspect of the camapign till the very day of election. We want our prosperity without paying it all out in tariff taxes levied for the benefit of the favored few of Republican-

MATTHEWS A SUICIDE

Greensboro Physician Convicted of Wife Murder Dead In Baltimore Lodging House

HE TOOK HIS OWN LIFE

News From Raleigh—Chairman Simmons on the Outlook in the Election To-day—Charters Granted By Secretary of State.

(By Associated Press.)

Raleigh, N. C., Nov. 5.—A special from Baltimore, Md., to-night says: "In a cheap lodging house on East Baltimore street at some time during the 24 hours preceding 2 o'clock this afternoon, Dr. J. Baxter Matthews, of Greensboro, N. C., blew out his brains with a shot from a 32-calibre revolver.

"Dr. Matthews was convicted March 9th, 1906, at Greensboro, N. C., of the poisoning of his wife December 1st., 1905. He had been out of custody under bail pending the decision of his appeal for a new trial, which was denied him, and relatives and bondsmen have been searching for him for some weeks that he might be taken before the court to be re-sentenced. In the absence of any definite reason for his taking his life, it is supposed that he did so rather than serve the sentence, said to be twenty years in the penitentiary, to be imposed on him.

"At the lodging house where he ended his life he gave the name of E. J. Graham. Immediately after his conviction, which was of murder in the second degree, Dr. Matthews became a patient at Mount Hope Retreat, near this city, and was there under treatment for the morphine and liquor habit for some months, finally being discharged as cured."

Simmons on the Outlook.

Raleigh, N. C., Nov. 5.—Senator F. M. Simmons, as State Chairman of the Democratic Executive Committee, wound up his campaign work today with a speech before a big gathering of Democrats at Roxboro this morning and a final speech at Durham at night. Some of the other closing speeches to-day by notable campaigners were State Auditor B. F. Dixon at Shelby; ex-Gov. C. B. Aycock at Goldsboro; Locke Craige, at Black Mountain, Secretary of State J. Bryan Grimes at Grimesland. Chairman Simmons said before leaving the city for Roxboro that Democracy is in fine shape in all parts of the State and he considers 40,000 Democratic majority a conservative estimate on the vote that will be cast tomorrow. Much depends how generally the Democrats utrn out to vote. The State Chairman says he has carefully estimated the conditions in the Eight and Tenth Congressional districts where the closest fight in this campaign is and feels confident that both will have safe majorities for the Democratic candidates for Congress, Hackett in the Eighth and Crawford in the Tenth. If this estimate is correct every district will send a Democratic Congressman to Washington and, of course, the State Legislature, which convenes here in January, will be overwhelmingly Democratic.

The Dockery Lumber Co., of Rockingham, was chartered today with $25,000 capital authorized and $12,000 subscribed by H. C. Dockery and J. M. Dockery for developing timber lands, grazing lands and cattle raising.

The Dudley Shoals Cotton Mill Co., of Granite Falls, with capital and the Dudley Lumber Co., of Granite Falls with $15,000 capital, were also chartered to-day with D. A. Whisnant, D. H. Warlick and others as stockholders in both.

Died of Diphtheria.

Friends of Capt. and Mrs. Oscar Hinton have the deep sympathy of many friends in the death of their two-year-old child, which occurred at the family residence early yesterday morning after a violent attack of diphtheria since Sunday about noon. The funeral was conducted by Rev. James Carmichael, D. D., yesterday afternoon and the remains were laid to rest in Oakdale.

BOARD OF ALDERMEN IN SPIRITED SESSION

IN HEATED DEBATE

Members In Discussion of Social Evil Talked With Clenched Fists

MANY ROUTINE MATTERS

Plumbing and Street Car Ordinances Laid Over to Next Meeting—Committee Reports and Several From Departments—Other Notes.

Some one casually inquired of Chief of Police Williams just before the meeting of the Board of Aldermen last night, if any extra policemen had been put on for the occasion. His reply is perfectly immaterial but there can be no doubt of the pertinency of the inquiry. It had become noised abroad that certain questions would be brought before the Board and that the political aspirations of some of the members of the council might be involved in one or more of these questions. It all came true and the "oldest inhabitant" does not recall a more spicy session. First came a tilt, or rather a series of tilts between Alderman Johnson and Alderman Moore, each of whom confessed, upon being charged by the other, that he was a candidate for Mayor, and late in the meeting Mayor Waddell and Alderman Johnson exchanged the "compliments of the season," when the latter would have the Board "instruct" the Mayor to do so and so.

The Board was called to order shortly after 8 o'clock, all members having been in attendance with a number of citizens most of whom occupied seats in the prisoners' dock. Many others came in, however, before the meeting was over. Minutes of the preceding meetings were read and approved.

Chairman Price, of the Ordinance Committee, submitted a proposed plumbing law, notice of which he gave at the last meeting. The Mayor stated that the ordinance had been carefully considered and was strongly urged by the Board of Health. The ordinance provides for a plumbing inspector and an examination of plumbers for license to carry on their trade in the city. Chas. C. Loughlin, Esq., attorney for the plumbers' union, addressed the Board in favor of the passage of the ordinance, reading a number of letters from mayors of other cities, where similar regulations are in effect and are working satisfactorily. In reply to questions, it was stated that the inspector would be paid out of fees provided in the ordinance. Upon objection of Alderman W. H. Yopp, the ordinance went over until the next meeting according to the rule that no ordinance can be passed at the same meeting at which it is introduced except by unanimous consent.

Alderman Price submitted an ordinance designed to abate the nuisance of unnecessary noise by street cars by reason of defective equipment, such as flat wheels, etc. It is fashioned after an ordinance in effect in Wilmington, Del., and provided a penalty of $50 for every day imperfect equipment is kept in use after notice from the Chief of Police. Upon objection of Alderman W. E. Yopp, this ordinance also went over to the next meeting.

Chairman O'Brien, of the Streets and Wharves Committee, reported that the macadam on Red Cross street had been stopped because the money could not be had. The Board of Audit and Finance would simply not allow the appropriation and members of the Streets and Wharves Committee could not pull the money out of their own pockets and put it on the public streets. Mr. O'Brien replied to some criticism in the local press in regard to street improvement and gave an accounting of how the appropriations had been disposed of. He defied anyone to prove that the Streets and Wharves Committee had not done the best it could with the resources in hand. He referred to a deficit in the treasury when the present administration came in and spoke at length of the increase in wages and purchase of new equipment for several departments. Mr. O'Brien spoke further in defence of the administration and said that sidewalks had not been laid by the city and charged against the property owners as required by law because the Board of Audit and Finance would not allow the money with which to make the test suit to determine the question as to liability of property owners.

Upon recommendation of the com-

THE WATERWORKS

Report as Presented By Commission Adopted In Part at Meeting Last Night

COMPANY MADE REPLY

Capt. Jno. F. Divine and Superintendent Robertson Present, the Latter Making Hot Reply to In Insinuation—An Experiment.

The water works question bobbed up serenely again at the regular monthly meeting of the Board of Aldermen last night a further report being submitted by the Water Commission. Capt. Jno. F. Divine, president of the established company, and Supt. Wm. F. Robertson, of the same, were present, but nothing definite was done as to any negotiations for the purchase of the plant. Mr. Johnson, chairman of the Commission, strongly advocated breaking off all negotiations for any purchase and proceeding with an entirely new plant with a battery of deep wells as a source of supply, but a majority of the Board, while favoring municipal ownership, appeared not to favor the breaking off of the negotiations for the purchase of the existing plant. Neither did they seem satisfied that a system of deep wells would furnish an adequate supply. Mr. Johnson, however, succeeded in getting through his report so far as it provided for the awarding of the contract for the deep wells as an experiment and providing for all the machinery of municipal ownership as will appear below:

Upon call for the report of the Water Works Commission, Chairman Johnson said that he saw Capt. Jno. F. Divine, president of the Clarendon Water Work Company, present and he had no doubt but that the Board would be glad to hear from him. Capt. Divine spoke very briefly stating that he took it that the city was not prepared to buy a water plant in view of the needed public improvement in other departments; that the company, of course, could not abide by an appraisement on one side only. Chairman Johnson then read the following report:

To the Honorable Mayor and Board of Aldermen.

Gentlemen—The Water Works Commission begs leave to make the following report:

1st. We recommend that the city adopt the Deep Well System as a source of supply for our city.

2nd. That after having duly advertised the same, we recommend that the bid of the Lowery Pump & Well Company be accepted, to furnish two 10-inch wells for $3,500.00, they agreeing to guarantee a supply of not less than 250,000 gallons for each well in 24 hours.

3rd. We recommend that the Water Works Commission prepare a bill to be laid before the Legislature at its opening in January to authorize the city to own its water system and such other legislation as is necessary for city ownership and to order an election for some time in February in order that the question may be submitted to a vote of the people for their concurrence in the necessary bond issue.

4th. That these wells be sunk near the corner of Sixth and Greenfield Streets, the land having been proffered by the Willard Bag and Mfg. Co., Mr. Wm. A. French and others.

5th. That there shall also be provided for in this bill a provision for the establishment of a Water Works Commission to manage and take charge of this matter, and it shall be a separate department of the city and not subject to changes at every city election.

E. F. JOHNSON, Chairman,
R. W. PRICE,
J. O. BROWN,
MATT J. HEYER,
Water Works Commission.

Alderman O'Brien asked Chairman Johnson if the proposed wells would furnish a sufficient supply of water for the whole city. Mr. Johnson said that the wells might not, but that the city should go ahead and the contingencies would be met afterwards. Alderman King asked about the clause in the contract providing for an arbitration by both sides. Mr. Johnson made remark about recent bills for excess water and intimated that it might perhaps be to pay for the filter plant. Superintendent Robertson came forward from the crowd and hotly but very concisely denied the intimation of Mr. Johnson that the bills of the Water Works Company had been increased for any other than for just causes.

Aldermen O'Brien and Moore went on record as favoring the ownership of water works and sewerage but they wanted to go at it in a fair and square manner. Mr. Johnson had previously called for a vote of members individually in order that each might be placed on record.

Mr. King asked the city attorney if the city could go outside the contract with the Water Works Company in which it was provided for an arbitration by both sides. The city attorney said that he had not read the contract, but was of the opinion that it should be adhered to. Mr. King moved that the matter be referred to the city attorney for report at the next meeting. Mr. Moore wanted to know what guarantee the city had that the deep wells would furnish a supply. Mr. Johnson agreed to strike out the first paragraph, which was done.

Mr. King renewed his motion to refer to the city attorney. Mr. Johnson demanded to know of the city attorney if the action would be legal. He said that it would. Mr. King withdrew his motion and a vote was taken on Mr. Johnson's report with Section No. 1 stricken out. All voted in the affirmative except Messrs. O'Brien, Karr and Rathjen. It was explained that the action was without prejudice to purchasing or not purchasing the present plant of the company.

Mr. King was about to speak in opposition to spending $3,500 for experimental purposes, when he was ruled out of order.

Portner's Hofbrau is liquid bread. The bitter of hops is an excellent tonic, and the salt sugar of barley of a high food quality. Good dealers keep it. 'Phone 99.

THE ELECTION DAY

Indications Point to a Satisfactory Democratic Vote in New Hanover County

POLLS OPEN AT SUNRISE

Final Instructions are Issued by Executive Committee—Voters Admonished To Look Well to Their Tickets—The Saloons Closed.

All indications point to a very satisfactory Democratic vote being cast in New Hanover county in the general election to-day. The County Executive Committee has been very energetic in its commendable efforts to this end and if there is failure, it will lay at the doors of the voters themselves, who have been shown in every way why it is especially desirable at this time for the Democracy of the Cape Fear district to exert its full strength. There is evident a silent determination on the part of the voters to go to the polls and a full vote seems assured.

The polls open at all the wards and precincts in the county at sunup, 6:36 o'clock this morning, and will close at sunset, 5:15 P. M. Parts of the State ticket are to be elected this time, District candidates and county officers are to be voted for and it is very essential that at least the State and District portion of the ticket be voted for. The boxes for the various wards, etc., were sent out by the County Board of Elections yesterday and returns of the vote will be made to this Board to-night at the Court House. J. O. Carr, Esq., is chairman and with other members of the Board is working to the end that both parties be given a "square deal."

Democratic County Chairman Bellamy yesterday issued a circular letter of instruction to Democrats advising them that there are four separate and distinct tickets to be voted in as many boxes. A representative of the committee will be stationed at each precinct to see that the official ticket is voted. The attention of voters is called to the fact that some of the tickets mailed to voters do not have the county and township tickets cut apart. These should be voted separately and may be cut in two or the double ticket discarded and new tickets secured at the polling places.

There are reported to be tickets in the field which are not official and each voter is admonished to see that they have the "proper article" before casting his vote. There is no opposition to the county ticket, but there is opposition for all the rest of the ticket and it behooves all Democrats to vote for this reason to help with the majority in some of the weaker counties.

According to law all the saloons of the city were closed at 6 o'clock yesterday evening and will not be opened until 5:15 o'clock to-morrow morning.

PERSONAL PARAGRAPHS.

—Mr. P. H. Kornegay of Kenansville, N. C., was among yesterday's arrivals.

—Mr. R. E. Ward, of Florence, S. C. was among the visitors to the city yesterday.

—Mr. J. F. L. Armfield, of Fayetteville, was among the visitors in the city yesterday.

—Mrs. Walker Taylor and daughter, Miss Virginia, are the guests of friends and relatives in Baltimore.

—Miss Carrie Myers has returned from Baltimore, where she attended the Randolph-DeRosset wedding last week.

—Miss Hazel Langenberg, who has been an attractive guest of Mrs. John F. Garrell, in this city, returned to her home in Peoria, Ill., yesterday evening.

—Mr. N. A. Sinclair of Fayetteville, was here Sunday returning home from Shallotte, where he spoke on Saturday.

—Miss Jane Peters, of Portsmouth, and Miss Mamie Bryan, of Tarboro, are guests at the home of Capt. Haywood Clark.

—Messrs. L. M. Covington, W. T. Aycock and H. L. Lyon, of Whiteville, spent Sunday in the city and were guests at The Orton.

—Messrs. R. G. Grady, C. D. Weeks and ex-Judge E. K. Bryan, went up to Burgaw yesterday to attend Pender County Superior Court.

—Mrs. J. T. Burke and children have returned from a very pleasant visit to Mr. Burke's old home at Goldston, Chatham county. They were accompanied home by Mrs. M. J. Burke, who will be the guest of her son for some time.

—Mrs. W. H. Shaw and Miss Lura Wheeler, who have been spending the Summer in the mountains of Western North Carolina, have returned to their home in this city.

—Mrs. J. Edwin Bunting has returned to the city from Ft. Gaines, Ga., where she was in attendance at the wedding of her sister, Miss Crystal Brooks, to Mr. Z. B. Jones. She was accompanied home by her mother, Mrs. W. DuB. Brooks, who will visit Mrs. Herbert F. Wilder.

—Major and Mrs. Daniel O'Connor returned Sunday from an extended trip through the West including visits to Chicago and several other leading cities. They were away for several months and enjoyed their visit greatly.

NORTHEAST RIVER BRIDGE.

Conference Yesterday With Pender County Commissioners at Burgaw.

The movement for the joint construction of a modern iron bridge over Northeast river at or near Castle Haynes by the counties of Pender and New Hanover received a decided impetus yesterday at a conference at Burgaw, of County Chairman D. McEachern and Mr. Z. W. Whitehead, of New Hanover, with the commissioners of Pender county. As a result of the conference it was decided that the two boards will meet in consultation at Castle Haynes next Monday at 10 o'clock at which it will be decided definitely what will be done in the matter.

Chairman McEachern and Mr. Whitehead went up to Burgaw on the morning train yesterday and returned last evening. They found the commissioners of the sister county very enthusiastic over the project and it may be safely said that the bridge will be built in the near future. Both Mr. McEachern and Mr. Whitehead addressed the Pender commissioners in favor of the proposition and a number of the most prominent people of Pender did likewise. A petition from many of the county people, asking that the bridge be built, was presented and favorably received.

It is estimated that the structure will cost between $18,000 and $20,000 but it is estimated that the proposed bridge will be easily worth that in the increased trade relations between the two communities. The advantages of the opening of communication between the counties has been referred to at length in these columns and now that the bridge is practically a certainty, there is no need to enter into any argument of the affair.

Mr. Polvogt Buys Handsome Home.

Through the real estate agency of Mr. C. P. B. Mahler, Mr. Carl W. Polvogt has purchased the handsome residence of Mr. J. M. Forshee, No. 410 South Front street. It is understood that Mr. Forshee's family will remove to Boston to reside in the future. Mr. Polvogt's residence on Princess street has been purchased by Mr. I. M. Bear.

Portner's Hofbrau is the beer for the luncheon and dinner table. It aids digestion. If dyspeptic, just try a bottle with your meals, and drink and eat slow. 'Phone 99.

Tuesday Morning, Nov. 6.

IMMIGRATION DIRECT TO THE SOUTH.

Something new for the South is involved in the arrival of an immigrant ship at Charleston on Sunday. It means the inauguration of a direct immigration to the South to supply the demand for labor. It has been many years since immigrants were landed at a Southern port, and arrangements for the coming of the immigrant ship to Charleston were made with the United States Immigration authorities, who sanctioned the movement and sent inspectors to Charleston.

This immigration movement was an event of such a nature that Editor Wade H. Harris, of the Charleston Evening Chronicle, went to Charleston to see the ship come in and take a look at the immigrants. On Sunday he sent this interesting dispatch to the Charlotte Observer:

"Mr. E. J. Watson, commissioner of immigration for South Carolina, is not only solving the labor problem for this State, but the servant problem as well. That was plainly manifested in scenes at the steamship wharf when the immigrants were landed this morning from the Wittekind. There were approximately five hundred men, women and children.

"The personnel of the crowd showed that Commissioner Watson had made a careful selection. The majority were Germans, but in the party was a number of attractive French servants. There was no tough element in the crowd. Some were common looking, but the majority were well dressed and intelligent. All had been parcelled out to employes before the day was half over and tonight many are sleeping in new homes on South Carolina farms and in South Carolina towns, having been taken direct from the steamship to trains waiting at the wharf.

"I asked Mayor Rhett, who has charge of affairs, to give me a dozen servants to bring to Charlotte. They were all taken, he said.

"Pointing to an attractive German family of six, I asked for them.

"'Impossible,' said Mayor Rhett. 'There are only five hundred people and we have applications for one thousand.' This experimental shipment of immigrants is a great success. Another shipment will be brought in the latter part of December or January."

Wilmington people wanted to get some of those immigrants, but it was ascertained that they were all spoken for before they left Berlin. A prominent citizen says his brother, who is engaged in planting in South Carolina, had in his bid for 10 of the immigrants and was at Charleston to receive them. People who had engagements for the aliens gathered at Charleston to get their quota, so that the strangers have homes to go to without being dumped down in a strange land to seek employment. It is said that most of the immigrants on the Wittekind are weavers from Austrian provinces.

A NEW MAGAZINE—"WOMAN."

The Frank A. Munsey Company has, with the addition of its newest magazine "Woman," increased the total number of its monthly publications to six. The oldest one of the six is The Argosy, which is now nearly twenty-four years old. The others are Munsey's, The All-Story, The Scrap Book and The Railroad Man's Magazine. The total circulation of these six magazines is over 2,200,000 copies and the amount of fiction issued by this one publishing house every thirty days, is said to weigh over five tons.

"Woman" is a straight reading magazine, making up for its lack of illustrations by its wealth of stories, articles and departments. It was apparently built on the principle that a woman would rather read a good story than glance over a few pages of more or less interesting illustrations. The principle is undoubtedly a sound one, when the stories are as much worth reading as those in the November "Woman."

The first number indicates that Mr. Munsey has again accomplished a seeming impossiblity in finding a new field for a new magazine. This is however as it should be, for since Mr. Munsey introduced the first 10 cent magazine, the publishing world has gotten more or less into the habit of waiting to see what he will do next. "Woman" is his latest answer and a very good one.

AMERICAN REVIEW OF REVIEWS

The American Review of Reviews for November is a strong and thoroughly enlightening issue of that great American publication. While its contents constitute its main value, the magazine is handsomely and interestingly illustrated, adding just that much more to the Review as a source of edification, entertainment and pleasure. The feature of the current number is discussions of "Our New Task in Havana," "Mr. Root's South American Tour," "Hughes, Hearst, and New York," "The Dramatic Story of American Copper," "Magoon, Administrator of Cuba," "Fate of the House of Lords," "Mexico's Fighting Men," besides other articles of equal merit. The Review of Reviews keeps its readers en rapport with the important events of the world and as they occur we can always rely upon a thorough and comprehensive elucidation of questions as they come to the front. This is what makes the American Review of Reviews of special value to the reader who desires to keep up with the times. The subscription price is $3 a year, and the monthly numbers sell at 25 cents. Address The Review of Reviews Co., 13 Astor Place, New York.

CURRENT COMMENT.

—Sell thermometers short. They're going down.—Richmond (Va.) Times-Dispatch.

—With regard to the death of the Rev. Mr. Doolittle who had preached 6,309 sermons, the Wilmington (N. C.) Star asks, "What's in a name?" There is little in that name, certainly.—Norfolk Landmark.

—We were glad to see two women riding horseback astride in Raleigh the other day, and it is to be hoped that the example of these two brave pioneers will be followed by every woman in Raleigh who exercises in the saddle.—Raleigh Evening Times.

—Though the Cuban insurrection lasted a very short time, it cut the sugar importations to the United States to 50 per cent. of the normal amount. If we had let that row keep up, Cuba would probably have been sending us lemons instead of sugar in a year or so.—Norfolk Landmark.

—Charles E. Hughes, Republican nominee for Governor of New York, is the man who, as attorney, prosecuted the Armstrong investigation into the insurance mess. The men whom he exposed as grafters, thieves and squanderers of the people's money, are now a unit in supporting him for Governor.—Bryan's Commoner.

—Many scientists are viewing with alarm the possibility of a deterioration of soil, which some claim may eventually threaten the world's food supply unless the experiments to secure nitrogen from the air should prove commercially successful, and thus make possible the constant refertilization of the soil. Already the rich prairie States are finding commercial fertilizers a necessity, and last year Ohio used 300,000 tons. The South holds a world monopoly on fertilizer-making materials, such as phosphate, rock, sulphur, &c. Europe draws its phosphate rock mainly from this section, and Louisiana now dominates the sulphur market of Europe and America. Strong as the South is in coal and cotton and iron, it is equally strong in phosphate rock and sulphur, and it cannot only enrich its own soil, but supply the needs of other sections and other countries. Great is the South!—Manufacturers' Record.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Alban's W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by R. R. Bellamy's drug store. Price 50c.

TWINKLINGS.

—Lawyer—You should learn shorthand and typewriting, Billy. The Office Boy—Aw g'wan! I never cared for flowers and candy.—Puck.)

—The Wife—John, I had the worst dream just now. I thought you had died. The Callous Brute—That's so? What were your last words, my dear? Puck.

—She (sentimentally)— How like life are the waves of the sea! He—You bet. Come to the shore in great style and go away broke.—Detroit News.

—The Theatrical Trust was up against it. "And how do you do" bellowed the prosecuting attorney, "when a poor chorus girl gets thin?" "I tell her to pack her trunks," responed the theatre manager suavely.—Princeton

—To what do you owe your immense fortune?" inquired the Japanese tourist. "To my dishonorable ancestors," answered the American millionaire, with an expansive smile.—Louisville Courier-Journal.

—Romantic He (with his arm round her waist)—All this seems so familiar to me, darling—the quiet night, the whispered word, the tender look. I wonder if it is a memory or some previous existence? Practical She—No, William, it is more likely a memory of some previous sweetheart.—The Referee.

—A police captain was about to raid a gambling den. At midnight, taking his place at the head of a squad of stalwart men, he looked them over closely and then said to his lieutenant: "Is everything in readiness for this raid?" "Yes sir," replied the lieutenant, saluting. "Ourarms are in first rate order. Here are the repots, there are the flashlight camera men and I notified the proprietor of the place this afternoon."—Philadelphia Bulletin.

A Heart to Heart Talk With the Women and Girls of Pennsylvania.

Why a woman's page? Must a woman be fed on special and diluted diet? Can they not read as men read?

They do read as men read—and all that men read—and add the woman's page to it.

Rightly conducted it is the earnest journalistic attempt to instruc more than to amuse; well edited, it steers clear of the encyclopedia and the boudoir.

It should be all that a well-rounded, interesting, helpful woman is—ready to put out a strong guiding hand wherever it is needed.

It must take itself seriously. It must be honest. It must reflect what really is, and suggest from experience what might be.

A great class turns to the woman's page for counsel, for advice, for suggestions. The ready made conventions of one set of people would be a misfit on another set, so why tell a woman who has to cook and wash for her huband and six children how to instruct a footman to receive the cards of callers?

A woman's page should be all things to all women.

No woman's page deserves success that does not give to its least reader a respectful hearing and the best advice in its scope. It must be kindly. It must inspire confidence.

It must enter into all the homely duties of the housewife with zest and enthusiasm. It must hold the affectionate friendship of its women readers.

All these things the woman's page of "The Philadelphia Daily Press is and does—it is beyond doubt the most practical and truly and helpful woman's page ever offered Pennsylvania women. You cannot afford to miss even one day.

SPIRITS TURPENTINE

—About 2,400 bales of cotton have been sold on the LaGrange market the present season at prices ranging from 9 to 11 1-2 cents.

—The Republicans have challenged 500 Democratic votes in Rowan county, which is in the district of Congressman Blackburn (Republican).

—An Asheville dispatch says it is confidently believed that Crawford (Democrat) will carry the Tenth district by from 700 to 900 plurality over his Republican opponent, Prof. J. J. Britt.

—Raleigh News and Observer, Nov. 4.—Grand Secretary B. H. Woodell, of the Odd Fellows, of North Carolina, says that last January there were 11,909 members and now the 13,000 mark has been passed showing that the order is making rapid progress.

—The Secretary of State has chartered the Southern Textile Machine Company of Charlotte. The object of this company is to manufacture, build, buy, sell, lease, own, operate and dispose of machinery of all kinds. The authorized capital is $100,000 and $25,000 preferred stock. The incorporators are: L. L. Caudle, F. Marion Redd and T. C. Guthrie, of Charlotte.

—Catawba County News: We have heard that Democrats have been offered two dollars apiece to stay at home on election day and work. We hope this report is false. A man who will purchase a vote is very little, if any better than the man who sells his vote. Both should be disfranchised, and not allowed to vote any more. Neither are fit for citizenship.

—Statesville special, Nov. 3.—A negro brakeman, Will Davidson, was terribly mangled in a small wreck in the manufacturing district near Statesville cotton mills. A shifter was pulling a box car with Davidson on top. The car jumped the track and the negro was caught under the wheels. One leg was entirely cut off. The other was amputated at Billingsley Hospital. He may recover.

—Sarah Petty, widow of Bishop Petty, of the A. M. E. Zion Church, died at her home in New Bern on Saturday. She was known all over the South amongst her race. She was prominent in church and missionary affairs and active in many reforms. She had traveled extensively in this country and in Europe with her husband who was one of the most able divines of his race. He has been dead about five years.

—Kinston special, Nov. 3.—Justices Cox and Stanley, who heard the evidence in the preliminary trial of Clarence Black and StephenSheppard, colored, charged with criminally assaulting 15-year-old Della Clayton, a colored girl of Vance township, committed the two negroes without bail and they will have to face the serious charge in the Superior Court, which convenes next week. They were taken to Goldsboro jail for safe keeping until their trial comes up.

—Spencer special, Nov. 3.—About one thousand strike breakers, employed in the various shops on the Southern Railway system in the place of the striking machinists, were to-day paid off and shipped North. The action was taken by the company in order to make room for the former employes who return to work Monday. It required about $15,000 to pay off the Spencer employes, the payment being made in cash. The men left here to-night on a special train for Washington and New York.

—Greensboro special, Nov. 4.—Judge Fred Moore this afternoon signed an order placing the children of Frank Bain and his divorced wife, Mrs. Laura Bain, both of High Point, in the care of Mrs. Bain, who was the petitioner in the habeas corpus proceedings heard before him last week. The respondent appealed to Supreme Court and Judge Moore placed the children in care of Mrs. Bain until the appeal can be heard. Mrs. Bain was required to give bond in the sum of $1,000 to insure that she would remain in the jurisdiction of the court.

—Washington special, Nov. 3.—Ex-Senator Marion Butler, is back from Indiana, where he has been campaigning. He doesn't like what Senators Simmons and Overman have had to say about him in connection with the Carpet Bag bonds and to-day he sent a telegram to Senator Overman challenging him to a joint debate in Clinton Monday, the fifth. The ex-Populist Senator says in the telegram that he has just learned of the "nature of personal attack which you are reported to have been making on me since I went West."

—Williamston special, Nov. 3.—It is not often that a family goes through such trying times as that which the Rev. P. L. Kirton has been experiencing during the past three weeks. From one to five of his family have been down in bed at the same time. Mr. Kirton, his wife and three of his children were all down sick at one time. Mrs. Kirton and their oldest son, OBrien, are now in bed, Mrs. Kirton being very ill. Little Andrew, the six year old son, died last Tuesday afternoon. Since that time another, little Heyward, the two year old boy has been called to join his brother in that land where all is joy and peace. He died last Monday morning.

—Durham special, Nov. 3.—The revenue officers came in from a raid this morning, having destroyed two complete illicit whiskey plants and destroyed a part of another plant. The raid was in the northern port of this county and was one of the most successfulin recent months. One of the stills captured, which was brought here for shipment to Raleigh, was the largest still ever seen in this county. It was of 225 gallons capacity. The second still captured, which was also brought here and shipped, was no "baby." It was of 150 gallon capacity, this being above the average stills used by the moonshiners in this section.

—There is proof positive that the man killed by J. H. Bivens, the Seaboard Air Line detective, was not W. H. Bryson, of Colon, Chatham county. A visitor to Jonesboro, who has just returned to Raleigh, and who knows W. H. Bryson, met him on the streets of Jonesboro, last week and he was in excellent health. It is reported here that detectives are work in Norfolk and Portsmouth seeking to find the identity of the man killed here, and whose name is yet unknown. In this connection there is significance attached to the remark of Bivens, who, on the night of his arrest, said to Constabel Byrum: "I got my man." It may be possible that Bivens can tell the name of the man he shot down.

—Charged with attempting to wreck a passenger train on which there were scores of passengers, Robert Bail, alias Bond, a 17 year old negro, youth, is locked up in the Norfolk city jail. The train which he is charged with having tried to wreck was on the Norfolk & Southern Railway, bound from Norfolk to Edenton, N. C. Just after having blown for a crossing a short distance from Norfolk, the engineer of the train saw two heavy window sash weights tied to one of the rails. He immediately applied the emergency brakes and the train, fortunately for all aboard, was brought to a standstill before striking the obstruction. Ball was arrested in hiding near the scene. Ball has acknowledged that he had knowledge of the effort to wreck the train, but says a white boy, whose name he does not know, placed the weights on the track. Ball recently broke jail in Princess Ann county, Va. Women upon the train are said to have become hysterical upon learning of the closeness of their escape from injury and possible death.

—Raleigh News and Observer, Nov. 3.—Upon the testimony of Dr. William Moncure that the man was in a condition which might prove fatal and that it could not be said whether or not he would recover, Justice Separks yesterday committed to jail without bail the cripple man, Harry West, who on Friday afternoon shot and seriously wounded Sammy Brown or Alfred Sutton, a Raleigh negro. The shooting occurred on the ground of the colored State Fair, in progress last week and was at first thought to have resulted in West's taking revenge for a brutal assault made upon him by a negro at the grounds on Wednesday afternoon. West claims, however, that he fired at the negro upon the immediate provocation of an assault by the latter's wantonly throwing a rock at him, which missed him and struck a negro woman who was standing by. He states that the negro who is shot (and whom strangely enough claims to have missed instead of hit) resembles the negro who committed the assault upon him Wednesday afternoon. but that he will not be positive in his identification.

There's no use getting mad if that for sale sign you stuck on the front of your vacant house has not brought you a tenant or purchaser. Your sign has been read and reread by practically the same people, who pass by it every day and who are too intent on other things to stop and look over the property. Now, if you would advertise in the Business Locals of the Morning Star it would come before the eyes of all the people looking for real estate. This is because they are accustomed to have the Morning Star tell them what property in Wilmington may be had.

GOLDEN NUGGETS FOR SALLOW PEOPLE

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

MEN AND WOMEN WHO RIDE.

Daring Horsemen and Horsewomen Who give Vim to Performance.

A circus without riding acts would be an anomaly. There is no feature of the old-time circus which seems so essential to the completeness of the modern arenic exhibition, or which has so persistently retained its popularity with the public. The daring equestrian turning somersaults on the back of a swiftly moving horse and the dainty equestrienne posing and pirouetting her way into the hearts of the audience, both add immeasurably to the effectiveness of the mammoth three-ring circus of to-day, just as they did to the little one-ring circus of a quarter of a century ago.

The men and women of the circus who ride, have not, however, been satisfied "to let well enough alone." They have recognized the public demand for something new, even in the way of equestrianism, and during the past two or three years many interesting riding novelties have been made known in this country and in Europe.

The Barnum & Bailey Greatest Show on Earth, which exhibits in Wilmington Monday, November 12, has been a pioneer in introducing novel and even startling riding acts to the American public, and this year the management announces an unusually large number of equestrian acts of a unique character. One of these is entitled "On The Way to the Races." In this striking act a clever company of French riders and acrobats known as Les Rowlandes, perform a series of startling feats in, over and around a tally-ho coach and on the backs of four rapidly moving horses. Another novelty introduced by the Ray Thompson Troupe is said to utilize four-wheel run-abouts and two-wheel carts in a performance full of original ideas and equestrian and driving surprises.

The list of clever riders, as made known by the preliminary announcements of the big show, is an exceptionally long one. Among the headliners are Fred Ledgett, and Dallie Julian, the Bradnas, the Rooneys, Ouika and Marie Meers, Josie De Mott, the somersault equestrienne, Celia Sebastian, Fraulein von Stutterheim, Minnie Johnson, Fred Derrick, William De Mott, W. F. Melrose and the Austin Brothers. These are all riders of international reputation. A large company of clever menage riders is also announced. For the hippodrome there is a stable of blooded Kentucky racers and a group of especially engaged professional riders and drivers.

FINANCES OF THE CITY.

Report of Receipts and Disbursements For Month of October

The monthly report of City Clerk and Treasurer John J. Fowler, as submitted at last night's regular monthly meeting of the Board of Aldermen, shows receipts and disbursements during October as follows:

Receipts—Balance on hand $11,210.86; merchants' license, $2,403.75; bar rooms, $3,060; market rents, $95.98; Mayor's court, $186.73; public buildings, $350.38; miscellaneous and extraordinary, $1,580.72; real and personal tax, 1906, $18,958.29; real and personal tax prior to 1906, $243.69; dog badges, $1; dray badges, $26.20; costs on tax prior to 1906, $25.26; paving North Fourth street, $223.16. Total receipts, $27,155.16. Total, including balance $38,366.02.

The disbursements for the month of October were $25,266.99, including two notes of $5,000 each to the Murchison National Bank, leaving a balance of $13,099.03 to November. Of the balance $12,410.48 is deposited with the Murchison National Bank; $25 deposited to credit of coupon account, and $663.55 in cash and cash items.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at R. R. Bellamy, druggist.

BOARD OF ALDERMEN IN SPIRITED SESSION

Continued From Page One.

mittee, the dock at foot of Brunswick street was leased to Mr. Oscar Pearsall for $100 per year. The committee was authorized to purchase 450 feet of 10-inch pipe to be used in connection with the opening of Dickinson street, the Board of Audit and Finance concurring in an appropriation of $175 or so much thereof as is necessary for the work.

Alderman W. H. Yopp called attention to the fact that $1,000 unexpended balance was to the credit of the Water Department and moved by consent of Chairman Johnson, of the committee, that the block on Princess, between Ninth and Tenth streets, in front of the Catherine Kennedy Home, be macadamized out of this fund. The motion was carried. Mr. O'Brien moved that the appropriation of $2,500 for yellow fever be transferred to Streets and Wharves and that Ann street be improved from Front to Third street. The motion was carried.

Chairman Rathjen, of the Fire Committee, recommended the election of J. A. Morrisey vice Fireman W. H. Kermon, resigned. The same was carried. The chairman also reported that some old junk in the hands of the department had been sold for $33 and the amount paid into the city treasury.

Upon recommendation of Alderman Karr, Griffith Brothers was awarded the contract for plumbing in the Fourth Street Engine House and the Sixth and Castle streets headquarters, for $142.50. J. A. Gregory was the only other bidder, the figure being $164.

J. A. Yopp was granted license to conduct fresh meat market on Fourth and Davis streets. J. W. Knowles was granted same at Second and Dawson streets.

Alderman Price offered a motion to repeal the law requiring the keeping open of the door from the theatre opening on the second floor of the City Hall in view of the establishment of the public library, but the motion was lost and the ordinance remains, requiring the door to be open.

Application to retail liquor from S. W. Ketchum, No. 8 South Second street, was referred to the Standing Committee on Applications.

Various communications were referred to proper committees.

The report of the Chief of Police showed 175 arrests during October, 76 of the defendants being white and 99 colored.

The Chief of the Fire Department reported during October 12 alarms, the loss being about $1,500 not including damage in cotton on steamer at the compress recently.

Alderman Karr, upon motion, asked that the proposed site of the Eagles' Carnival be changed from Fourth to Fifth street. The permission was granted.

The Social Evil.

The social evil problem at last night's regular monthly meeting of the Board of Aldermen came up upon motion of Mr. Johnson after all other business had been disposed of. Mr. Johnson asked for a reading of the petition from citizens, which he intimated had never been given the courtesy of a reading before the Board. Mr. Johnson said that there were a number of citizens present in that interest. The petition was read, signed by a hundred or more citizens, threatening to take the matter in their own hands in defence of their homes unless something was done.

Mr. King spoke heatedly of the purpose to scatter the alleged disreputable places all over the city until there was some place in which they could be segregated. Mr. King called for a report of the special committee to which the matter had been referred. Alderman Moore asked for a re-reading of the petition and then made a report that all the houses in the vicinity of Eighth and MacRae streets had been closed. He then recounted the history of the agitation and referred to a "mob" led by an Alderman, whom he named as Mr. E. F. Johnson, who went out to one of the houses after it had been agreed to leave the matter to the committee to work out quietly. He made a severe arraignment of Mr. Johnson.

Mr. Johnson replied hotly to Mr. Moore, denying that he was leader of any mob and several times, it was necessary for fellow members of the two Aldermen to get between them to prevent a personal encounter. Both were on their feet, shouting at the top of their voices and clamoring to get at one another. The Mayor rose and rapped sharply for order, saying that order would be maintained at any cost.

Order was finally restored upon the carrying of a motion that Mr. T. Donlan, one of the property owners, be heard. Mr. Donlan spoke at some length and asked that some relief be given to residents in the vicinity. Mr. J. P. Stephens asked to be heard and said the citizens did not come down to precipitate a riot or an insurrection and they came simply to ask relief. Mr. Stephens made a splendid address and there is no doubt but that his speech had its intended effect. He said that if the city could not afford to help the residents, they would take the matter to the grand jury at the next term of the Superior Court. He understood that other houses were to while he was making no threats, he would say that the houses would never be built as long as their people could carry oil cans.

Alderman Brown made a forcible talk on the difficulties of the problem and asked for some of the petitioners to suggest some solution of the question. Alderman Johnson and others spoke at length on the question. Mr. Johnson moved that the Mayor be instructed to enforce the law. The Mayor stated that he needed no instructions and would receive none; that the Board had nothing to do with his administration of his office. The Mayor could proceed only according to the law and that if anyone would furnish him with an affidavit, he would proceed at once.

Mr. Johnson then replied and a hot colloquy between him and the Mayor ensued. Alderman J. O. Brown spoke at length and a motion finally prevailed to adjourn without taking any action.

THE BOARD OF HEALTH.

Regular Monthly Meeting Yesterday—Report of Superintendent.

The regular monthly meeting of the Board of Health was held yesterday afternoon in the Mayor's office at the City Hall, members present being Mayor Waddell, Dr. C. T. Harper, secretary, City Engineer P. Matthew and Mr. M. W. Jacobi. Aside from the regular monthly report of the Superintendent for October, the only matter of public interest discussed was the sewerage conditions at Tenth and Market streets. It was ordered that the secretary officially advise the Wilmington Sewerage Company that no permits will be granted for connections in that section of the city until present conditions are remedied.

The report of Dr. Chas. T. Harper, superintendent of health, shows that during October 52 deaths were recorded, 21 of the decedents being white and 31 colored; 46 births, 14 white and 32 colored. The health officers made 4,660 inspections, did 40 fumigations and issued 531 orders for disinfectants. The trash carts collected and removed 1,412 loads of refuse. Twelve cases of diphthieria were quarantined during the month.

Referring to the trouble with the Wilmington Sewerage Company, the superintendent says: "The sewer of the Wilmington Sewerage Company at Tenth and Market streets has given a great deal of annoyance to the inhabitants in that vicinity by reason of its overflowing there for days. It seems that the capacity of the pipe at this place is not sufficient to take care of the sewerage, especially when it rains as the storm water enters in the pipes at the same places as the sewerage. To properly abate this nuisance—and there is no question about it being one—without making matters worse is a difficult problem and it has the attention of the Board of Health."

Injured at the Compress.

William Evans, a middle-aged colored man employed as a stevedore at the Champion Compress, had both his hands severely mashed on one of the ships lying at the docks yesterday about noon. Three bales of cotton in a derrick or hoister swung past the hold of the vessel and caught the colored man's hands against some part of the ship with the result that one or maybe both of them may have to be amputated. Evans lives on Eleventh, between Queen and Wooster streets, and was sent to his home where he was given surgical attention.

A Red Tag Sale.

The C. W. Polvogt Company, always to the front with the newest and most novel ideas, will inaugurate next Monday for ten days what will be known as a "Red Tag Sale." It will be advertised in a unique way. Several thousand perfectly red tags have been printed calling attention to the sale and canvassers will be employed to tie to each door knob in the city one of these red tags. It is unnecessary to say that there'll be plenty of talk about this "Red Tag Sale" when the idea is put into effect.

Oliver-Royall Wedding.

Handsomely engraved invitations have been received by friends in Wilmington and elsewhere bearing the following interesting announcement: "Mrs. Mary L. Oliver requests the honour of your presence at the marriage of her daughter, Mary Louise, to Mr. Norman Norris Royall on the evening of Wednesday, the twenty-first of November, at six o'clock at the First Baptist church Mount Olive North Carolina." Miss Oliver is one of the most charming young women of Eastern North Carolina and the prospective groom is a son of Mr. and Mrs. W. N. Royall, of Wilmington. He is connected with the Engineering Department of the Atlantic Coast Line and is very popular in a wide circle of friends.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs Winslow's Soothing Syrup, and take no others. **

A DELIGHTFUL SUCCESS.

Piano Recital Last Evening by Miss McClure of New York.

The piano recital by Miss Mary Lyle McClure of New York, and the readings by Miss Saran Peck Hines, at the Boys' Brigade Armory auditorium last evening, was a delightful success from every view point. The audience taxed the capacity of the hall and both Miss McClure and Miss Hines were heard with enthusiastic appreciation.

Miss McClure gave selections from all theb est composers of the old school as well as the new, including Paderewski. Her technique was pronounced excellent and she well sustained her reputation as one of the favorite pianists of the country. Perhaps the favorite numbers was her execution of an Intermezzo in Octaves by Leschetizky, while in the heavier style of playing a sonata, op 53, C. Major by Beethoven and Prelude, C sharp, Minor, (Rachmaninoff) were favorites with the large and cultivated audience. In the delicate playing the Minuett l'Antico (Salbeck) was one of the best numbers. Herexecution of all the numbers was fine indeed and she responded to a number of encores.

Miss Hines, the reader, has an easy manner, a graceful stage presence and clear pronunciation. The principal numbers were "The Winning of Katherine," from 'If I Were King," and the "Camp Meeting at Bluff Springs" by Una Hudson. Both were well received and Miss Hines responded to encores with some light numbers that brought forth much applause.

A Steiff piano was kindly loaned for the recital and with it Miss McClure seemed thoroughly at home.

DOWNWARD COURSE.

Fast Being Realized by Wilmington People.

A little backache at first.
Daily increasing till the back is lame and weak.
Urinary disorders quickly follow;
Diabetes and finally Bright's disease.
This is the downward course of kidney ills.

Don't take this course. Follow the advice of a Wilmington cittizen..

J. A. White, electrician for the Coast Line railroad at Rocky Mount formerly residing at 206 North Sixth street, says: "I have had great trouble with my back, right across the loins, and when I sat still for a while, I hardly knew how to move and when I did you would think I was 75 years old. There were pains all over me and I could not tell where they were to strike me. I used liniments and lots of remedies but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. They helped me in a very short time and seemed almost to oil up my joints; in fact, I have not had the pains since I used them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Fire of incendiary origin followed the robbery of the safe of Sol. Hammett & Co., at Spread, Ga., yesterday morning destroying $2,500 worth of merchandise. It is known that the safe was locked Sunday night and while the fire burned thed oor of the strong box was seen standing open.

ESCAPE OF DESERTER.

Ward Room Boy Squeezed Through Port Hole of Cutter.

Ben Jennings, colored, 18 years old, ward room boy on the United States Revenue Cutter Seminole, made a sensational escape from the ship Sunday evening about dusk, squeezing himself through a 12-inch port hole of the cutter, dropping into the water and then making his way ashore. The escape was discovered by the officers and men aboard ship a few minutes after the boy got away, but thus far he has not been apprehended.

Jennings belongs to a rather prominent colored family in Wilmington and deserted the ship at Baltimore when she was there for overhauling a few weeks ago. Before the arrival of the cutter back to her station here, young Jennings was arrested by Officer W. G. Brinkley and upon arrival of the Seminole he was turned over to the commanding officer. He was being held in confinement for court martial according to the new act of Congress when he made his escape. A further reward of $15 is offered for his detention and return aboard the ship. Soon after Jennings escaped a detachment of 25 men of the crew was dispatched over the city in an effort to locate the missing boy, but the effort was unsuccessful. The cutter passed down the river yesterday afternoon for target practice off Fort Caswell after which she will probably proceed to sea for cruising.

—The Radicals know each other. The Stanly Enterprise quotes Spencer B. Adams as saying of Spencer Blackburn, the Republican candidate for Congress: 'If Blackburn makes you a promise make him put it down in writing." After next Tuesday North Carolina will send both Spencers to the political scrap pile.—Raleigh News and Observer.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astounding result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at R. R. Bellamy's drug store. Price 50c and $1.00. Trial bottle free.

Nov 1-tf.

Continued From Page Eight.

chairman of the Republican committee, maintains that his party will not only retain all its Congressmen but will also keep the Democratic districts won two years ago.

Claims in Illinois.

Chicago, Ill., Nov. 5.—Although estimates of the party managers differ widely, there seems to be no reason to doubt that the Republican party will carry the State in to-morrow's election by a substantial majority. The Legislature will be Republican and the election of a Republican to succeed Senator Cullom is certain. The Democrats claim that they will gain largely in the Legislature but they do not expect to obtain enough members to choose the next Senator.

The Republicans concede that Congressman Rainey, the one Democratic representative will be re-elected and they admit that the fight will be close in the 21st district.

It is also agreed that there will be a hot fight in the eighth district.

The Democrats claim not only the 21st and eighth districts, but assert that they will carry eleven others as well. It is probable that the returns in Chicago and Cook county will be slow tomorrow as the ballot is the largest ever seen here. It is probable that scratching will be carried on to a large extent.

Republicans claim that they will carry Cook county by about 35,000, and the Democrats claim they will have a plurality of about 20,000 in the county. The Independence League claims that it will carry the county but there seems to be no strong foundation for this assertion.

Kentucky Democrats Feel Safe.

Louisville, Ky., Nov. 5.—The last hours of the campaign brought no change in the calculations of the politicians as to the races in Kentucky's eleven Congressional districts. The Republicans still hope to carry the Third and the Fifth and possibly the Tenth in addition to the Ninth and the Eleventh which they now hold. The Democrats assert they will retain all the districts they have and hope to redeem the Ninth.

The Democratic primary election for a full State ticket and a United States Senatorship will also be held tomorrow.

Both Sides Claim Tennessee.

Nashville, Tenn., Nov. 5.—The campaign for governor in Tennessee has been a bitter one between Malcolm R. Patterson, Democrat, and Henry Clay Evans, Republican, and tonight leaders of both parties are expressing confidence. Republicans also predict a gain of three Congressmen in the third, the fourth and the eighth districts.

Things Mixed in Iowa.

Des Moines, Iowa, Nov. 5.—While the general impression prevails that Cummins will be re-elected, there is some feeling of uncertainty. There has nver before been such another situation in Iowa politics as to-night and the old party ties promise to be more ruthlessly disregarded in to-morrows voting, than ever before. The fundamental hope of the Republican managers lies in the 80.000 plurality given Cummins three years ago.

To-day's election in Louisiana promises to be quiet. It is generally conceded that the Democrats will win easily. Chief interest centers in a constitutional amendment, the adoption of which would place parsonages, rectories etc., of church organization on the taxable list.

WARM TIME IN WEST VIRGINIA.

Troops Called Out By Republican Governor to Suppress Democrats.

(By Wire to The Morning Star.)

Charleston, W. Va., Nov. 5.—On receipt of a complaint that the Democrats of Mingo county had been terrorizing Republican voters, placing negroes on the trains and sending them out of the county, Governor Dawson to-day ordered three companies of the National Guard to be mobilized at Huntingdon, ready to move to the scene of the alleged trouble. Deputy United States Marshal Day and Deputy Sheriff A. A. Gaujot are reported to have been thrown into jail at Williamson.

Huntington, W. Va., Nov. 5.—Word from Williamson this evening is that the town is quiet. The militia here is still in the armories awaiting orders to go to Williamson, but the prevailing belief now is that their presence will be unnecessary. The city officers arrested for interfering with the United States officers were released on bond this evening. Deputy United States Marshal Day was also released from the Williamson jail. Fifteen deputy marshals went to Williamson today in charge of Major W. H. Lyons and arrested Mayor Pinson, Chief of Police Chaffin and other officers and citizens of Williamson, charged with interference with a Federal officer.

RACE CONFLICT IN MISSISSIPPI.

Whites Attempting to Lynch Negro Negro Attacked by Negroes.

(By Wire to The Morning Star.)

Hattiesburg, Miss., Nov. 5.—Two men were fatally wounded and over 500 shots were fired in a race riot at Wiggins, Miss., 35 miles south of here Sunday afternoon and night.

William Smith, a negro, resisted arrest and fired on Marshal Quarrels and Deputy Mitchell, the latter receiving a fatal wound in the head. Smith escaped to his home, barricaded thedoodrs and windows and defied capture until a mob threatened to burn the house. After surrendering he was locked up in the village jail. Late last night a mob dynamited the jail, fired several volleys into his cell and left him for dead. While the mob was storming the jail, a large crowd of negroes came upon the scene and began firing into the ranks of the besiegers.

Over 500 shots were exchanged, and D. M. Clarke, a white man, was fatally wounded. Several negroes are supposed to have been shot, but so far the total number of casualties has not been learned. This morning Smith was found alive in the jail, but his arms had to be amputated.

NEGRO LYNCHED IN GEORGIA.

Shot to Death For Killing Young White Man.

Wrightsville, Ga., Nov. 5.—Last night Bailiff J. L. Hightower, sought to arrest a negro, William Newsome, seven miles from Wrightsville. Two young white men, John Mason and Ernest Carter, were assisting Hightower. A stubborn fight took place in the negro's home between him and Hightower. Hightower called for assistance. Carter ran into the house when the negro fired a shot at him, the load taking effect in Carter's forehead, killing him instantly. Then Hightower fired upon the negro with a pistol, two bullets taking effect, but not killing him. The negro was then captured.

This morning Hightower and Mason were bringing the negro to Wrightsville. At Sumner's Bridge over Choopee river, about 30 armedmen and disguised, halted them and fired several revolver shots into the negro and then silently disappeared. The coroner's jury this afternoon returned a erdict that the negro came to his death by gunshot wounds inflicted by unknown persons.

11 A. M. to-day.

—Vote in the election to-day. It is highly necessary to good government that a full Democratic vote be brought out.

—Vote when you come down to business this morning. The polls open at sunrise and remain open until sun down.

—The State has its eye on the majority New Hanover will give the ticket. Every Democrat should do his duty at the polls to-day.

—Republicans have opposition tickets in the District and are making a great effort to marshal their forces at the polls to-day. Can Democrats fail to do less.

—The British steamer Rubens, Capt. French, cleared last night with a cargo of 12,150 bales of cotton, consigned by Messrs. Alexander Sprunt & Son to Bremen, Germany.

—By deed filed for record yesterday Mrs. Florence R. Strange transferred to L. M. Bryant, for $150, property on west side of Seventh, 161 feet south of Wooster street, 33x165 feet in size.

—The annual meeting of the Cape Fear Country Club will be held tonight at the home of Capt. Donald McRae, Third and Dock streets. A full attendance of members is desired.

—Eli Davis, colored, was committed to jail for the higher court by Justice Furlong yesterday on a charge of assaulting Jim Covington, colored, with a coal shovel at the Carolina Central wharves. Covington had quite a painful cut on the side of his head.

—Owing to the absence of Chairman McEachern at the conference with the Pender Board in regard to the bridge over Northeast river at Castle Haynes, the meeting of the New Hanover Commissioners yesterday afternoon was postponed until 3 o'clock this afternoon.

—Capt. Edgar R. Robinson, of the British steamer Putney Bridge, which arrived Saturday, reports on November 1st., at 10:30 A. M., wind N. N. E. fresh, having spoken the American three-masted schooner K. T. V. R., all well, in Lat. 30:39 North and Long. 74.43 West. The letters indicate the schooner Marjory A. Spencer, Capt. Farnsworth, bound from New York to Tampa, Fla.

—Contributions to the Catherine Kennedy Home for October: Mrs. Joe Watters, barrel flour; Mrs. H. F. Wilder, sugar, potatoes; Mrs. M. E. Bridgers, coffee; Mrs. Pickett, fruit punch; Miss Louise Harlow; Dr. M. E. Armstrong, box grapes; Mrs. Barbara Armstrong, chicken, cream; Mrs. Jusseley, Savannah, Ga., $4; Mrs. Roger Moore; Mr. J. A. Springer, ice; Mrs. J. Hicks Bunting, drugs; Mr. R. R. Bellamy, drugs. Monthly meeting at the Home Tuesday afternoon at 4 o'clock.

—There were a large number of defendants before the Mayor in the police court yesterday. The following were sentenced to terms on the roads and farm: Hattie Hunt, disorderly conduct; Lula Alderman, vagrancy; "Country" John Williams, disorderly conduct; Charles Fisher, drunk and down; Mack Campbell, charged with an assault with a deadly weapon, was bound over to the higher court under bond of $100.

—Residents of the Southern part of the city do not know what to make of a strange phenomena witnessed there Sunday and yesterday for at least a part of the day. On Front street between Nun and Church, Sunday evening a large number of residents in the vicinity witnessed for some time a fine shower of rain falling about 10 feet round in the middle of the street. Yesterday the location changed and the mist same down quite perceptibly under a tree in front of Mr. Worth's residence. Who can explain the phenomena?

—Albert Jordan, white, of Topsail Sound, was arrested yesterday on a warrant from Justice Borneman charging him with larceny of a cow from Mr. T. A. Price, who lives near Scott's Hill. The cow was sold to Mr. Topel at Thirteenth and Market streets, Saturday and upon the appearance of the owner yesterday, Mr. Topel had a warrant sworn out for the man. Jordan implicates another white man named John Highsmith for whom a warrant was also issued. The case will be tried to-day.

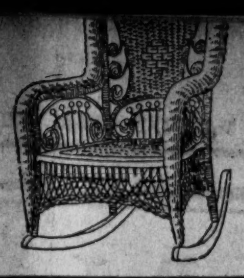
Will Wed This Month.

Handsomely engraved invitations surmounted by the family coat of arms done in white have been issued to the marriage of Miss Josephine Sheppard Budd and Mr. John VanBokkelen Metts on Tuesday afternoon, November the twentieth, at six o'clock, Tabb Street Presbyterian church, Petersburg, Va. The bride-elect is one of Virginia's most attractive young women who has visited several times in Wilmington and at the beach and has made a great many friends here. The groom is prominent in Wilmington and the State socially, in military life and in the business world. There is much interest in the announcement of their marriage.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache, and dizziness. 25c at Bellamy's drug store.

The process of malting is a process of pre-digestion. The use of malt makes Portner's Hofbrau a so-called pre-digested good. Ask your dealer for it. 'Phone 99.



The Home Furnishers.

Never in the history of our business has the capacity of our big store been taxed as it is now. Every foot of space is literally jammed with some choice piece of Furniture which will add to the attraction of the home. Distinction in Dress

A handsome stylish suit plays a great part in a man's appearance.

It is true that a man may be a perfect gentleman and still be dressed in an ill-fitting, poorly made suit of clothes, but the world is sure to misjudge him.

While the clothes do not make the man they influence the first verdict of opinion rendered concerning him.

We've suits from the shops of the world's best makers.

Fairly priced when we name such reasonable figures as

$10.00, $12.50, $15.00, $18.00, $20.00, $30.00.

You are very welcome to overhaul them, get a line on the excellent patterns, and "try on" as many styles as you like.

Make this your clothing store and you'll never have clothes disappointments.

ROCK CLIFF LITHIA SPRINGS WATER.

READ WHAT ONE OF THE MOST NOTED CITIZENS OF SOUTH CAROLINA HAS TO SAY OF THE FAMOUS ROCK CLIFF SPRINGS WATER.

Spartanburg, S. C., July 24.

To Rock Cliff Lithia Springs Co.:

Gentlemen:—This will certify that I was severely afflicted with a serious case of erysipelas, that confined me to my bed for about six months or more, with daily attendance of my physician, and which eventually settled in my left leg and became so severe that a consultation of three physicians was held and the decision reached that the lower part of my leg would have to be amputated to prevent the disease extending to the upper part of my leg and body. I declined the operation and was advised to try Rock Cliff Lithia Springs Water. I engaged board near the spring and was advised to bathe my leg in the water, at the same time drinking freely.

This application soon soothed the pain, and for the first time in months previous I slept for about two hours. After a week's treatment, without any medicine or physician's help, I walked to the spring on crutches. I continued the treatment daily, and within two weeks was able to walk to the spring without crutches and in four weeks was able to walk home, a distance of 1½ miles, and resume my official business.

I was permanently cured by the use of the water, and take great pleasure in giving you this testimonial to the efficiency of the Rock Cliff Springs Water in the treatment of erysipelas.

MIGHT EFFECT TO-DAY'S ELECTION

Boston, Nov. 4.—District Attorney John B. Moran sent a letter to District Attorney Wm. T. Jerome, of New York, today, in which he stated that he was informed by State Senator A. D. Hughes, of Michigan, that there is in the possession of Collier's Weekly evidence in the form of original documents, letters telegrams and secret codes, which tends to show that an organized method of legislative corruption is practiced by the so-called tobacco trust throughout the country.

The letter follows:

"I am creditably informed by one A. D. Hughes, formerly a State Senator of Michigan, that there is in the possession of the proprietors of a publication by name Collier's Weekly having its usual place of business in New York city, evidence in the form of original documents, letters, telegrams, secret codes and the translation thereof, some copies of which I now have and which I append herewith for the purpose of identification, which tends to show an organized, systematic and general method of legislative corruption practiced by the so-called tobacco trust throughout the country. I am informed that some of the documents, copies of which I do not have, tend to show that several bills affecting the interest of the said tobacco trust, were defeated at the capital of this Commonwealth at the last session of our general court (Massachusetts Legislature) by practices which are a part of this systematic scheme. I am informed that the proprietors of the said Collier's Weekly have purchased the evidence for a large sum of money under a contract to publish the same not later than 10 weeks after the first day of August; that the last day for publishing same has expired; that the said Collier's Weekly has refused to publish the same, according to contract.

"I am further informed that Collier's Weekly is delaying publication of this evidence in violation of its contract until after election, lest it should have an injurious effect upon Republican candidates on election day.

you to obtain the same evidence and

"Therefore I respectfully request you to obtain the same evidence and transmit to me forthwith in order that I may begin an immediate inquiry into such acts occurring within my jurisdiction as may be disclosed by an examination of the said documents."

In making public the letter, Mr. Moran also gave to the press copies of many letters, telegrams and codes, one letter being from Hughes.

Hughes claims that he bought a factory in Marion, Ind., last April, from former Senator O. A. Baker, and in the factory Mr. Hughes found a desk, which he asserts was full of correspondence and documents revealing certain transactions with the American Tobacco Company.

Hughes states in his letter that he endeavored to interest President Roosevelt and Governor Hanley, of Indiana, but was unsuccessful. He then sold the documents to Collier's under contract to be published Oct. 9th last

WILL PROSECUTE COTTON MILL MEN

Washington, D. C., Nov. 3.—The Department of Commerce and Labor refused to make public today the report of the inspector of the immigration bureau, who went to North Carolina and secured the evidence which is to be used in the prosecution of cotton mill operators charged with violation of the alien contract law. Publication of the report, it was pointed out by Acting Secretary Murray, would disclose the government's case. Also futile was an effort to secure the names of the cotton mill owners who are to be sued for the penalties involved, which is one thousand dollars in each case.

Acting Secretary Murray cleared up one point today, and that is that the prosecutions will take place in North Carolina and not in New York as some people had supposed. The evidence has already been placed in the hands of the Department of Justice, which it is to be expected will get in touch with District Attorney Holton at once.

John G. Capers, of South Carolina, who has been retained by some of the cotton mill men involved, is here. He is in doubt about the Department of Justice taking up the cases, though he offered no information to justify such a conclusion. The Department of Labor is very much in earnest and a conflict between these branches of the government is hardly possible.

It is stated that a number of the detained aliens are to be held as witnesses.

It is said that a number of North Carolina cotton mill men are involved. The claim is made that they contributed to a fund for bringing over from England three immigrants, most of whom are under age. Some people think the activity of the administration against North Carolina mill men is for political effect. No occasion is missed by the administration to catch the eye and ear of the labor vote, since the activity of Samuel Gompers and other leaders in American Federation of Labor, who have been stumping the country in opposition to a host of Republican Congressmen.

WOMAN

"Woman" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "Woman." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.

"Wilson Heaters"

(Only Highest Grade Materials Used.

The Wilson Heater will produce more heat from a unit of fuel, and keep your home at a more even temperature, with little or no trouble, and fewer ashes than any other heater made.

There is no Noxious Gas, Offensive Smoke or Cold Floor Draft where the Wilson Coal Heater is used.

Holds fire 36 hours or longer. The combustation is perfect—the heat does not go up the chimney. Burns every particle of the coal; does not make clinkers, and leaves very little ash. Other stoves look much like the Wilson, but—that's all. None of them work like the Wilson and none are so good.

HIDES—Dry flint, 14 to 15c; green 9c per pound.

PORK—Corn fed 8c.

TURKEYS—Firm, live 15c; dressed 18c.

THE COTTON MARKET.

New York, November 5.—The cotton market was quiet during today's trading but reached another new low level for the movement with the close steady at a net decline of 7@13 points. Sales were estimated at 150,000 bales. The opening was barely steady with an adavnce of two points to a decline of three points which was a very poor response to the cables. There was considerable liquidation at the opening as well as a renewal of bear pressure which was encouraged by the large receipts and predictions that the census report on Thursday would make a very bearish showing. The market declined to 9.77 for January and 9.93 for March under this pressure but around this level there was considerable demand for covering shorts and prices rallied 6 or 7 points during the early afternoon. Later the market gradually sagged off and the close was only a point or two up from the lowest.

Receipts of cotton at the ports today were 73,762 bales against 79,232 last week and 64,334 last year. For the week 460,000 bales against 478,161 last week and 364,468 last year. Today's receipts at New Orleans 19,923 bales against 15,206 last year and at Houston 22,875 bales against 16,763 last year.

New York Nov. 5.—COTTON—Spot quiet; middling uplands 10.30; middling gulf 10.55; sales 700 bales.

Opening and closing quotations were as follows:

Month	Open	Closing bid
November	9.85	9.74
Decem	9.85	9.76
January	9.90	9.78
February	9.95	9.84
March	10.04	9.95
April	——	10.01
May	10.14	10.07
June	10.20	10.14
July	10.24	10.17

PORT MOVEMENT.

Galveston—Easy, 10 1-10c.; net receipts, 25,600 bales.

New Orleans—Easy, 10c.; net receipts, 19,623 bales.

Mobile—Easy, 9 3-4c.; net receipts, 955 bales.

Savannah—Quiet, 9 3-4c.; net receipts, 15,439 bales.

Charleston—Quiet, 9 3-4c.; net receipts, 1,323 bales.

Wilmington—Nominal; net receipts, 6,503 bales.

Norfolk—Steady, 10 1-16c.; net receipts, 3,619 bales.

Baltimore—Nominal, 10 1-2c.

New York—Quiet, 10.30c.

Boston—Quiet, 10.30c.

Philadelphia—Quiet, 10.55c.

Total to-day, at all ports—Net, 73,762 bales; Great Britain, 21,119 bales; France, 21,041 bales; Continent, 12,241 bales Stock, 957,916 bales.

Consolidated, at all ports—Net, 133,626 bales; Great Britain, 35,164 bales; France, 35,038 bales; Continent, 18,410 bales.

CHICAGO PRODUCE MARKET.

Chicago, Nov. 5.—Fresh reports of liberal yields of wheat in the Northwest caused moderate weakness today inthe local wheat market, the December option closing with a net loss of 1-2 to 5-8. Corn was down 1-2. Oats showed a gain of 1-4. Provisions were off 5 @ 7 1-2.

DRY GOODS MARKET.

New York, Nov. 5.—The drygoods market was firm on all cotton goods, save for those to be sold for delivery beginning in April, 1907. Many lines are very scarce, even at the high levels and most of the leading lines of domestics are at value. The Spring carpet openings occurred during the day, prices being marked up from 2 to 5 per cent. as compared with last season. Dress goods were quiet. The export market is dull. A pre-election quiet was on in the jobbing houses for the day.

FINANCIAL MARKET.

New York, Nov. 5.—Money on call, strong 6 to 7 1-4; ruling rate 6 3-4, closing bid 6, offered at 6 1-2. Time loans strong; 60 days, 90 days 7@7 1-2 per cent. Six months 6 1-4.

A Fish Story.

A remarkable example of the voracity of a trout, accompanied by fatal results, has just come to light. A young man employed at Mr. Sargent's mill at Tipton, St. John, on the river Otter, noticed a fine trout lying dead in the mill leat. He got the fish out and was astonished to find that tightly twisted in the most extraordinary fashion into the trout's gills was an eel, which had undoubtedly strangled its captor. But this was not all. Firmly stuck in the mouth of the eel was a little fish, probably a stickleback, which, being too big for the eel to swallow, had caused its death also. All three fish were very recently dead, and it was quite clear that the eel, which was a foot long, had attempted to swallow the stickleback, but had only succeeded in getting its head far enough down to choke itself. The trout, no doubt, seeing the eel in difficulties, had attacked it and attempted to swallow it, with the result that his slippery, writhing victim had managed to choke him by entangling itself up in a wonderful way in its captor's gills. Thus the little stickleback choked the eel, which in its turn strangled the trout.—London Telegraph.

The Gray Parrot.

The home of the gray parrot, an interesting but sadly ill used creature, is in sunny central Africa, from the Kongo and Guinea coast to the east of Lake Nyassa. Here the "pretty Pollies" fly in flocks, as rooks and pigeons do in England, for they are very friendly birds. The birds when caught are huddled together and carried to the coast. Such as are still alive on reaching it are packed, generally without mercy or pity, in the holds of ships or are stowed away in any corner on board where space can be found, to suffer torments from want of air, want of light, want of proper food and space to spread their wings, and, worst of all, lack of water, which they dearly love. The wings of many wretched, suffering birds brought to this country are tied so as to prevent them from fluttering and spoiling their beauty. Choking, gasping, stifling from heat or shivering with damp and cold, hundreds upon hundreds die on their way to this country. It has been said by a famous bird fancier that hardly one in a thousand survives the terrible sufferings which gray parrots undergo on their way from their own land to the cage in England.—Our Animal Brothers.

Spiders In History.

Spiders have played a greater part in history than most people are aware of. Everybody knows how the perseverance of a spider encouraged Robert Bruce to regain his kingdom of Scotland, but not so many know that, according to Jewish tradition, a spider saved David's life. Saul was hunting for him, and his soldiers approached a cave where David was hidden. Shortly before, however, a spider had spun her web at the mouth of the cave, and the soldiers, taking it for granted that if he had taken refuge in the cave he must have broken the web, departed, forgetting the web might have been spun after as well as before his entrance.

Frederick William was king of Prussia, and an attempt was made to poison him with a cup of chocolate. By chance a spider fell into the cup, and for this reason the monarch gave the chocolate to a dog, who immediately died. Inquiry was made, with the result that the cook was hanged, and a large spider wrought in gold now decorates one of the chief rooms of the Winter palace at Potsdam in memory of the king's escape.

Well Recommended.

The buxom maid had been hinting that she did not think much of working out, and this, in conjunction with the nightly appearance of a rather sheepish young man, caused her mistress much apprehension.

"Martha, is it possible that you are thinking of getting married?"

"Yes'm," admitted Martha, blushing.

"Not that young fellow who has been calling on you lately?"

"Yes'm; he's the one."

"But you have known him only a few days."

"Three weeks come Thursday," corrected Martha.

"Do you think that is long enough to know a man before taking such an important step?"

"Well," answered Martha, with spirit, "'tain't 's if he was some new feller. He's well recommended. A perfectly lovely girl I know was engaged to him for a long time."—Everybody's Magazine.

"Chamois" Skins.

Charles C. Druedling has written an article in the Journal of Pharmacy on chamois skins. The commercial article of that name, he says, is really oil tanned sheep or lamb skin lining. The supply of skins from the chamois animal is very limited. Enough could not be obtained in a year to supply the United States for more than a single day. He made special inquiry on a visit to Switzerland about the annual crop of the chamois skins and ascertained that from 5,000 to 6,000 skins would be a fair average yearly crop. This skin is heavier than the skin of the sheep or lamb, also much coarser. For strength and durability the chamois skin is preferable, but for ordinary use and appearance the oil tanned sheepskin lining would in most instances be preferred.

Got Near It.

Druggist—Try it again, little one. What was it your mamma told you to get? Little Girl (with another severe mental effort)—I think it was "I died of possum." I want 10 cents' worth.—Youth.

ELECTION PROSPECT IN THE NATION

Hearst Says Money Alone Will Save Republicans To-day in New York

BETTING IS 4 to 1 ON HUGHES

North Carolina's Democratic Majority Figured at 40,000, With Only One Congressional District Doubtful Fine Outlook in Other States.

By Wire to The Morning Star.

New York, Nov. 5.—Late to-night Chairman Woodruff gave out the final message from Republican Headquarters calling upon every voter to cast his ballot.

"How can there be any doubt," he asks, "that to-morrow's election will result in a triumph for decent government which will be memorable in the history of the politics of the whole country and unparallelled in the history of the politics of the State?" Chairman Ihmsen, of the Independence League issued the following:

"I have no reason to change my mind as to the result of the election to-morrow. Mr. Hearst will be elected Governor of the State of New York by 200,000 plurality. He will carry Kings county by 50,000 and wipe up the normal Republican plurality above the Bronx.

"Our friends up the State are not all dismayed by the great sums of money the Republican managers have sent up there."

New York, Nov. 5.—Fair weather and moderate temperature is the forecast for to-morrow when the issue of the most extraordinary gubernatorial campaign in the history of the State will be decided at the polls. The night before predictions cannot be said to throw any helpful light on the situation. Republican State headquarters confidently expected a plurality of not less than 200,000 for the ticket, while the managers of the Independence League and Democratic joint campaign anticipated 150,000 votes to spare in Greater New York and to which they added a plurality of 50,000 above the Harlem river.

The political theremometer in Wall street varied during the day from odds of 3 1-2 to 1 on the election of a Republican governor to 5 to 1 and back to 4 to 1, at which figures the greater number of bets on curb were placed.

In spite of the confidence expressed on both sides to-night none would deny that never before could party lines be less relied upon to deliver the regular vote.

Mr. Hearst in calling on the watchers at the polls to-day, said: "The only hope of the Republicans winning this election lies in the corrupt use of money. The grand masters of the plunderers never donated anything to a political party, they invest.

Charles E. Hughes, named by the Republicans for governor, has received the endorsement of many old line Democrats, who objected to the action of the Democratic convention at Buffalo. Senator P. H. McCarren, Democratic leader of the Kings county Democracy, to-day prophesied a Republican plurality of 5,000 in his county.

On the other hand William Randolph Hearst, first the candidate of the Independence League and then of the Democratic organization, has invaded the up-State strongholds. That he will draw from the Republican vote in certain sections is generally conceded

The Republicans have always counted upon the up-State counties to roll up a vote to more than offset the Democratic plurality in Greater New k, but this year up-State can hard- described as pitted against the lis.

ity the minor issues are so the candidacies so mul- official ballot, two mil- which were delivered day, is literally a Contrary to the usual this year's eir canvass of election night for arly at

BANK ROBBERY IN ILLINOIS

Robbers Cooly Returned Horse and Buggy to Livery Stable and Came ery Nearly Being Captured—Battle With Citizens.

(By Wire to The Morning Star.)

La Salle, Ill., Nov. 5.—The Farmers and Miners Bank at Ladd, Ill., was held up and robbed this afternoon of $7,000. Assistant Cashier J. J. Hurley, was alone in the bank when two men entered for some pennies. The next moment covering Hurley with revolvers, themen ordered the assistant cashier to throw up his hands. The robbers then marched Hurley to a back room where they bound him hand and foot. The robbers then helped themselves to cash and escaped. They left $130 in gold besides a quantity of silver on the bank counter and disturbed little in the vaults.

The robbers had been gone and hour before the robbery was discovered and the imprisoned bank officer released. The robbers hired a livery rig at Peru to drive to Ladd. In about three hours they returned the rig to Liveryman Denny, whom, having heard of the holdup, procured the assistance of citzens to surround the robbers in the livery stable, but the robbers drew revolvers and shot at every one who appeared near the stable. The robbers finally slipped from the stable and kept up a running fight for an hour, finally escaping in the direction of Lasalle, after eluding the Peru police.

---

this city the counting is sure to be slow.

In Buffalo and some other up-State cities voting machines will be used and from those places early returns may be expected.

The most astute of political observers are reserving their opinion until some definite idea can be gathered from the early voting to-morrow. Never before, it is conceded, has there been greater danger to the reputation of the careful prophet in making any positive prediction on the night before election.

The final word of each standard bearer to-night was a promise to his supporters of a great victory.

Pennsylvania May Go Democratic.

Philadelphia, November 5.—"Edwin S. Stuart will be elected governor of Pennsylvania tomorrow by at least 50,000 majority," says Chairman Andrews of the Republican State committee.

Lewis Emery, Jr., will be chosen governor of this State by the handsome majority of 100,000, says Chairman Niles, of the Lincoln committee.

These views were given out tonight by the chairman of the respective parties.

The fight for Congress has been unusually bitter in the country districts and the fact that there has been fusion in some formerly Democratic districts makes the outcome in these localities very uncertain with the odds in favor of the fusion candidates as against the regular Republicans. In some cases the candidates taken up by the fusionists are independent Republicans but as to how they would stand in Congress is mere conjecture.

Democrats in Massachusetts Hopeful.

Boston, Mass., Nov. 5.—The campaign of 1906 in Massachusetts came to the eve of battle with no lessening of interest and with the results much in doubt as any time since the conflict began. The last day found the Republicans active. Up to the close of the day there was every indications that the Republicans were planning to bring out the full strength of their vote tomorrow.

Moran who began his canvass by saying he would accept no contribution save from the people today appealed to the citizens to get out the vote tomorrow. Moran was quoted as saying late in the afternoon: "I shall win without a doubt."

One of the unusual features of the waning campaign was the action of clergymen of various denominations in their sermos yesterday in dwelling upon the "new peril" and pleading for the maintenance of "an orderly Community.

Outlook in Missouri.

St. Louis, Mo., Nov. 5.—The close of the campaign tonight found both the Republican and Democratic managers claiming victory in Missouri. Secretary Joseph McCoy, of the Republican State committee, predicted that his party would carry a majority of the sixteen Congressional districts, elect a Republican Legislature and carry the State for the general ticket by a majority of 10,000 or 15,000.

Chairman Evans, of the Democratic State committee asserts that the Democratic party will carry the State by at least 30,000 majority.

Doubtful in Bryan's State.

Lincoln, Neb., Nov. 5.—Republican State Chairman William B. Rose tonight said: "Nebraska will elect the entire Republican State ticket; will send a good working majority to the Legislature and will send a Republican Congressman to Washington from each district.

Ohio May Be Democratic.

Columbus, O., Nov. 5.—Democratic

TERRIFIC STORM ON CANADA COAST

News Pouring In of Ship Wrecks and Many Vessels Are in Distress

FIVE NORWEGIANS DROWNED

Shipwrecked Mariners in Danger of Rough Seas and Subjected to Severely Cold Weather—High Waves Sweep Deck.

(By Wire to The Morning Star.)

Halifax, N. S., Nov. 5.—Dispatches to-day have been pouring into this city bringing news of vessels wrecked or in distress, of wires prostrated and of damage done by gale and sea along the coasts of Nova Scotia, Cape Breton and New Brunswick, and Prince Edward Island. Four vessels were driven ashore. Another after having everything movable washed away, was forced to put back to the port from which she had sailed, and the steamer Turret Bell, which went aground on the north side of Prince Edward Islandlast week, was drien farther inshore.

The storm was most violent in the Northumberland strait. Two schooners and one bark were swept aground in this strait and a third schooner was wreched near the eastern entrance. The Norwegian bark, Adeona, tried to weather the gale off Rexton, N. B., but dragged her anchors and grounded on North Reef. She sprang a leak. The tremendous seas made it impossible for any vessels to go to her assistance leaving her crew of 12 helpless in the severe cold and heavy gale and in danger of being swept overboard or dying from exposure. Near the same place, the schooner Alexander lumber laden, went ashore.

The Windsor, N. S. schooner Omega lost her sails on Wednesday last when off Charlottetown and the seas washing over her, carried away her cabins and deck load. She drifted swiftly for 30 miles across Northumberland strait, until she finally brought up on the rocks at Fox Point, on the Northern Coast of Nova Scotia. Her crew of four men had been obliged to man the pumps with practically no rest since Wednesday and during all that time they had neither food nor drink, all their supplies having been swept overboard. They were rescued almost overcome by exhaustion and exposure, soon after the vessel grounded. The schooner probably will be a total loss.

A New Foundland schooner, the identity of which has not yet been learned, was wrecked last night at Campbell's Cove at the eastern end of Prince Edward Island. The crew succeeded in getting ashore safely.

The 1,836 ton steamer Turret Bell which is valued at $100,000, probably will prove a total wreck off Cabell Head, P. E. I., on the north coast, where she went ashore last week.

Numerous fishing boats on the north side of Prince Edward Island were broken up during the gale last night.

On land telegraph and telephone poles and wires throughout the maritime provinces were blown down, and it was not until to-day that communication could be restored.

Five Men Perish.

Richibucto, N. B., Nov. 5.—A boat's crew which left the wrecked Norwegian bark Adeona late to-day, perished by the boat's capsizing. It is thought five men were lost.

BIG ROBBERY AT FAYETTEVILLE

Registered Letter Containing $3,000 Stolen From Postoffice There.

(Special Star Telegram.)

Fayetteville, N. C., Nov. 5.—It has just leaked out that, on the morning of October 26th, the biggest postoffice robbery that has occurred in this section in years took place in the Fayetteville postoffice. A registered letter containing $3,000 in currency, addressed to the Fayetteville National Bank by the Planters' National Bank of Richmond, arrived here on the 1:40 o'clock A. M. train and was regularly receipted for. The letter was supposed to have been placed in the vault. On Monday morning the latter could not be found in the vault or anywhere else, despite the most minute search. Postmaster McCaskill at once notified the postoffice authorities at Washington, and inspectors are now making a thorough investigation. So far there is no clue to the thief, though Postmaster McCaskill has a theory that he is having followed up. It is one of the most mysterious robberies that has ever occurred in Fayetteville as Mr. McCaskill has the greatest confidence in the honesty of his subordinates. The money was insured and the loss will fall primarily on the Insurance Company which is now co-operating with the postoffice authorities in the effort to catch the thief.

When you're broke the girls are shy
They turn and fly as you come nigh
Brace up old man, show you're pluck
Take Rocky Mountain Tea; t'will
change your luck.

TEST OF COURAGE YET TO COME

Roosevelt May Yet Have to Appeal From His Party to All the Parties to Carry Out Reform.

(Charlotte Observer.)

New York, Nov. 4.—Stephen S. Wise, for the past six years rabbi of Congregation Beth Israel Portland, Ore., child labor commissioner of Oregon and one of the leading spirits in the progressive movement among the Hebrews on the Pacific coast, spoke this afternoon at the Young Men's Christian Association. Dr. Wise's topic was "Do or Die Versus Don't and Die."

Dr. Wise said:

"Men are warned constantly of the consequence and peril of becoming extreminists. The man who dares not all for truth and right, lest he sacrifice his influence and his prestige, has neither the one nor the other to lose.

"Theodore Roosevelt is the great saving asset of the Republican party, because he is rightly held by the nation to be a scorner of consequence.

"Roosevelt is greatest when he is himself, his daring and achieving self, when shaking off the trammels of party allegiance, he dares to follow right, aye to lead the people aright. The test of his courage is yet to come, if it should become his duty to appeal from his party in Congress, to all the parties in the nation for the support, enactment, and execution of those measures, which are justly and equitably to serve the welfare of the whole American people."

GEORGIA PREACHER TO HANG.

United States Supreme Court Denies Appeal of J. G. Rawlings.

(By Wire to The Morning Star.)

Washington, Nov. 5.—The Supreme Court of the United States affirmed the decision of the Georgia Supreme Court in the case of John C. Rawlings, under conviction in Lowndes county, of that State on the charge of murder, the effect of the decision being to compel the execution of Rawlings unless his lawyers succeed in finding other means of securing a stay of proceedings. Rawling, who is a white man and a preacher, was charged with employing negroes to murder a family of neighbors. Two children were decoyed out of the house and shot, but the other members of the family saved their lives by remaining within the shelter of their home.

SCHOONER GONE TO BOTTOM.

No Hope of the Asa T. Stowell and Crew.

Mobile, Ala., Nov. 5.—It is believed here that the schooner Asa T. Stowell, lumberladen, from Pensacola for Havana, was lost with all on board in the September hurricane. The owners of the boat in Providence, R. I., have given up all hope.

Providence, R. I., Nov. 5.—Custom officials in this city were notified by the managing owner of the schooner Asa T. Stowell that all hopes of the vessel's safety had been given up. She was in command of Capt. A. J. Thompson, who was shipped at Philadelphia and is unknown in this port. So far as known none of the members of the crew belonged in this vicinity with the exception of one, John Gomez, a native of Cape Verde Island. The crew shipped from Pensacola.

The schooner was the last vessel built and launched at the East Providence ship yard in 1891. She was 133.7 feet in length and carried a crew of a captain and six men. Her tonnage was 345 net.

FORTY-TWO STATES WILL VOTE TO-DAY

Will Choose Members of House of Representatives of Sixtieth Congress

BOTH PARTIES CLAIMING IT

Republicans Claim Majority of House by 50 and Democrats by 22—Both Confident of Winning in New York.

By Wire to the Morning Star.

Washington, Nov. 5.—The campaign in 42 States for the election of the Sixtieth Congress passes into history to-night. Besides the Congressional balloting, 23 States will elect governors. Arizona and New Mexico will accept or reject a jointure in statehood. Oklahoma and the Indian Territory will adopt a State constitution, and 20 States will choose Legislatures which in turn will elect United States Senators.

The United States weather bureau sees fair weather ahead for election day throughout the East, middle West and South, wth moderate temperature; rain in Minnesota and the Dakotas and cold and snow in Wyoming, Montana and the interior of Washington and Oregon.

President Roosevelt left at midnight for Oyster Bay where he goes to vote. He will return tomorrow and arrangements have been made as usual to keep him posted, at the White House of the election returns.

The President's cabinet is still in the field. Most of the cabinet officers have done strenuous work, and several of them will find it convenient to be at their homes to vote to-morrow. From all reports, however, fewer voters have gone home from Washington to vote than any Congressional year for a decade. This is owing to the fact that free transportation has been cut off and that election rates on the railroads are higher than they have ever been before. The single exception to this rule is the case of the New York voters. Considering the expense, a remarkably large number of Empire State voters resident in Washington are going home to vote.

The Congressional predictions by the Republican and Democratic Congressional Committees with headquarters respectively in New York and Washington, remain the same as the "finale" announced a few days ago. The Republicans claim the next House by 50; the Democrats claim it by 22.

New York maintains her position in the limelight of public interest and the paign there is to be kept up until the last moment. Both State Committees claim the State for their candidate by large pluralities.

Reports from other sections of the country indicate alternately apathy and interest.

Blackburn's District Doubtful.

Raliegh, N. C., Nov. 5.—Indications point to a large vote and Democratic majority exceeding 40,000 with the Legislature overwhelmingly Democratic. Democrats seem certain to elect nine Congressmen, with the Eighth District doubtful. The only State officer to be elected is a Corporation Commissioner, other balloting being for Congressmen, Judges, Solicitors, the Legislature and county offices.

ST. JOHN'S LODGE NO. 1, A. F. and A. M.

SALE OF NORWEGIAN BARQUE LAUNBERGA, AND CARGO OF SAWED LUMBER.

By order of the United States District Court for the Eastern District of North Carolina. I will expose for sale to the highest bidder at the front door of the United States Custom House, in the City of Wilmington, N. C., at 12:30 P. M. on Monday November 12th, 1906.

The Norwegian Barque "Launberga" as she lies in the Cape Fear river, near Southport, N. C., and also her cargo, consisting of about nine hundred thousand feet (board measure) of sawed yellow pine lumber, the same being of dimensions as follows: 6x9 and 3x9 running in lengths of from 10 to 40 feet. The cargo will be exposed to sale first and then the vessel. The purchaser of the cargo will have the right to remove it at his own cost.

The purchaser of the vessel will be put into possession as soon as the cargo is removed.

The vessel is (about) 1,400 tons—and about 15 years old. She is dis-masted and otherwise injured.

Both cargo and ship will be sold as they are, and at the risk of the purchaser. TERMS CASH.

CLAUDIUS DOCKERY.
